DEBUT YA AUTHOR'S FIRST SIGNED BOOK, WILDER: THE GUARDIAN SERIES, GOES TO IAN SOMERHALDER

A refreshing coming of age novel with a supernatural twist

G.K. DeRosa, author of the debut novel, *Wilder: The Guardian Series*, just released the first book in her young adult fantasy series on June 12, 2015 on Amazon.com. Prior to the book launch she had attended Bloody Night Con in Barcelona, Spain where she had the pleasure of meeting Ian Somerhalder, whose character, Damon Salvatore from The Vampire Diaries, was the inspiration for her new fantasy series. She gifted him a copy of the novel and to her surprise, not only did he promise to read it, but he also asked for an autograph.

Description of the novel: All that Celeste Wilder ever wanted was to find someone who would sweep her off her feet like she had seen in countless romantic movies. When she meets the gorgeous and mysterious Constantin brothers her senior year of high school, she gets much more than what she had bargained for. As they introduce her to an exciting supernatural world that she never imagined existed, she makes a startling discovery about her own family legacy and is forced to make a decision that will change her life forever.

"I liked Celeste and wanted to know more about her from the beginning of the novel. I believe this is a promising series and can't wait to see more from Ms. DeRosa! Her Vampires are unique and I'd love to read more about them, maybe even a spin-off featuring one or both brothers!" - C.D. Gorri, Author, *Wolf Moon*

G.K. DeRosa has always been a fan of young adult novels and being an eternal romantic at heart, a fantasy romance was a natural choice for her debut novel. She currently lives in South Florida with her real life Prince Charming and their fur baby, Nico the German Shepherd. Read more at www.wilderbook.com.
